Before we head into outdoors, we are excited to share our results from a strong indoor season. Our athletes did a fine job, breaking school records and achieving personal best performances. We look forward to an even better spring season, and we invite alumni, family and friends of track and field to join us as we host three home events. Please sign up to compete in the Delaware (Alumni) Open Meet on April 8. We look forward to you taking your old shoes off the shelf to see what you stored from the good old days. We welcome you to support your alma mater this spring and bring your graduating class to cheer on the people you left behind to carry on your legacy.
