Western Michigan University is a dynamic, student-centered research university with an enrollment of nearly 25,000. WMU is focused on delivering high-quality undergraduate instruction, advancing its growing graduate division and fostering significant research activities.

The Carnegie Foundation for the Advancement of Teaching Places WMU among the 76 public institutions in the nation designated as research universities with high research activity. U.S. News & World Report’s annual ranking of American colleges and universities includes WMU as one of the nation’s top 100 public universities.

Undergraduate students at WMU may choose from 141 program offerings while graduate students may select from 66 master’s, one specialist and 29 doctoral programs. A number of programs at both the undergraduate and graduate levels have attained national recognition. Also enriching the quality of campus life are more than 200 registered student organizations and a full array of NCAA Division IA intercollegiate athletic teams.

The University’s commitment to the discovery and dissemination of new knowledge and insight has resulted in initiatives that reward faculty and student research, scholarship and creative activity. In a typical year, WMU faculty and staff conduct $30 to $40 million in externally funded research on topics ranging from nuclear physics and specialized education to developing technology that enables more efficient flight and more environmentally friendly public transportation. Instructional programs are designed to increase students’ capacity for learning and service to society, as well as meet the needs of an increasingly diverse student population.

WMU is Michigan’s fourth largest higher education institution, attracting a diverse and culturally rich student body from across the United States and some 80 other countries. Its nearly 900 full-time faculty members have been trained at some of the world’s finest institutions and they bring to the University a global perspective that enhances the learning environment.

WMU’s campuses encompass more than 1,200 acres and 151 buildings. Its main campus, close to downtown Kalamazoo, features some of the finest instructional and performance facilities in the Midwest as well as residence halls equipped to house more than 5,700 students. The University’s College of Engineering and Applied Sciences and the Business Technology and Research Park are located three miles away on the Parkview Campus, while its nationally recognized College of Aviation is based at the W.K. Kellogg Airport in nearby Battle Creek. Among WMU’s newest instructional centers is the 200,000-square-foot College of Health and Human Services building, a state-of-the-art facility that houses award-winning programs and features specialized labs for such areas as biofeedback, orthotics and motion research.

The University also has an off-campus study site in Kalamazoo and eight branch campuses around the state, all of which provide primarily graduate and professional education. Branch campuses are located in Battle Creek, Benton Harbor-St. Joseph, Grand Rapids, Lansing, Muskegon-Holland, South Haven and Traverse City.

Founded in 1903, WMU rapidly grew from a regional teachers college to an internationally regarded institution of higher education. What was once Western Michigan College became Western Michigan University in 1957, when the state designated it as the fourth public university in Michigan.

**POINTS OF PRIDE**

- WMU’s Department of Paper Engineering, Chemical Engineering and Imaging is the only program in the nation offering a high-speed paper coater available for non-affiliated research.
- WMU is one of only 97 public universities in the United States to be granted its own chapter of the American Society for Engineering Management, while its undergraduate program was credited at both the undergraduate and graduate levels. It is among a select 10 percent of U.S. business schools that have additional specialized accreditation for their accounting programs.
- WMU’s Haworth College of Business is one of the 20 largest undergraduate business programs in the United States.
- WMU’s Haworth College of Business is a regular winner of American College Theatre Festival awards.
- WMU is Michigan’s fourth largest higher education institution, attracting a diverse and culturally rich student body from across the United States and some 80 other countries. Its nearly 900 full-time faculty members have been trained at some of the world’s finest institutions and they bring to the University a global perspective that enhances the learning environment.

The University also has an off-campus study site in Kalamazoo and eight branch campuses around the state, all of which provide primarily graduate and professional education. Branch campuses are located in Battle Creek, Benton Harbor-St. Joseph, Grand Rapids, Lansing, Muskegon-Holland, South Haven and Traverse City.

Founded in 1903, WMU rapidly grew from a regional teachers college to an internationally regarded institution of higher education. What was once Western Michigan College became Western Michigan University in 1957, when the state designated it as the fourth public university in Michigan.
Prior to the 2005-06 hockey season, Western Michigan athletics devoted $2.2 million to renovate Lawson Ice Arena, including the Broncos' locker room and team room.

The summer of 2008 will see a renovation of historic Hyames Field as a $2.0 million project will get under way on what will be known as the Robert J. Bobb Stadium.

The renovation and new construction of upper and lower Sorensen Courts took place during the summers of 2006 and 2007 and when all is said and done, the project will amount to $2.5 million.

Western Michigan athletics is dedicated to providing state-of-the-art athletic facilities for its student-athletes, coaches and fans.

Facilities for hockey, softball, tennis and football have been improved this decade with more work scheduled for baseball and basketball in the near future.

One prime example is the Donald J. Seelye Athletic Indoor Center, a $21.0 million project that provides practice, meeting and office space for nearly all of WMU's athletic programs.

The athletic department cannot make this happen on its own. Nearly all of these improvements have come thanks to the amazing support from our alumni and donors through the Mike Gary Athletic Fund.
ATHLETIC DIRECTOR — KATHY BEAUREGARD

Kathy Beauregard, the Director of Athletics at Western Michigan University, has been involved with the Broncos in several capacities over the course of the past 28 years. She is the second-longest serving athletic director in the Mid-American Conference.

Beauregard arrived in Kalamazoo as a coach before moving into administration and is entering her 12th season as mentor of one of the top programs in the MAC.

WMU athletic facilities have greatly improved under Beauregard’s leadership. The $8-million dollar Bill Brown Football Alumni Center and the $21-million Sweely Athletic Indoor Center have benefited numerous sports teams and provide top-notch facilities for Bronco student-athletes. The locker rooms at Lawson Ice Arena were renovated and completed over the past year and the department continues to raise funds for the Hyames Field Renovation Project. WMU is in the midst of building a two million dollar state-of-the-art facility and Field Turf was also installed at Waldo Stadium during the Summer of 2006.

Heavily involved in her profession, Beauregard assumed the chair position of the NCAA Olympic Sports Liaison Committee in 2001, a position which she held for two years. She represented WMU as a member of the NCAA Championships Cabinet and NCAA Football Bowl Certification Committee and currently serves on the NCAA Diversity and Inclusion Committee.

The 2007-08 academic year saw success within the department, on the playing field and in the classroom. WMU Athletics announced the renovation of historic Hyames Field. Heading into the future, the facility will be known as Robertson Bobb Stadium and will undergo $2.0 million of work over the next year. Renovations to Sorensen Courts, Fran Ebert Field and upcoming work to the men’s basketball locker rooms all highlight Beauregard’s dedication to moving WMU Athletics forward.

Athletically, WMU’s tennis programs found success yet again with both winning a regular season MAC title and the men’s program capturing the tournament title to earn a berth in the 2008 NCAA Tournament. Both Dave Morin and Besty Kuhle were named MAC Coaches of the Year for the second-straight season. The men’s basketball and women’s volleyball programs captured MAC West titles during the past athletic season. A pair of Bronco track student-athletes earned All-America honors with Becky Horn earning the nod during the indoor and outdoor seasons and finishing third in the 800m at the 2008 NCAA Outdoor Championships.

Beauregard ensured the longevity of WMU’s football and men’s basketball programs by restructuring Bill Cubit’s and Steve Hawkins’ contracts in 2007 and 2008, respectively. WMU Athletics also welcomed Tasha McDowell as the fifth head coach of WMU’s women’s basketball program in 2008.

Academically, WMU boasted a pair of Academic All-Americans in Anthony Gehbart (first team) and Joe Reitz (second team). Gehbart was the first football representative since 1998. Volleyball, baseball and gymnastics finished in the top 10 among other like programs in the APR and WMU football had the highest APR score in the MAC for the 2006-07 campaign. Overall, 415 student-athletes finished 2007-08 with a 3.0 or better cumulative GPA.

In 2006-07, men’s and women’s tennis not only repeated as MAC Tournament champions but captured regular season titles as well. Both Morin and Kuhle earned MAC Coach of the Year honors. The WMU football team participated in the program’s first postseason bowl game since 1988. The Broncos boasted three NCAA statistical champions in five categories – Ameer Ismail (FB - sacks and tackles for loss); Carrie Moore (WBB - points per game) and Mark Letestu (HOCKEY - freshman scoring and short-handed goals).

Western Michigan continued to pursue excellence in the classroom in 2006-07 as 26 student-athletes in 14 sports earned Academic All-MAC status. WMU had five of its programs honored as being in the top-10 percent in their respective sport in the announcement for their excellence in the classroom over the years identified in the most recent APR; baseball, men’s basketball, gymnastics, women’s tennis and volleyball. The Broncos boasted five academic all-district selections and a pair of academic all-Americans in Joe Reitz and Carrie Moore.

Moore and Ismail earned All-America status in their respective sports with Moore receiving honorable mention for Kodak All-American and Ismail earning Second Team AP All-American.

In 2005-06, Beauregard oversaw a department that captured the Jacoby Cup Trophy, awarded to the top women’s program in the MAC based on sports standings. WMU has now won the Jacoby and Reese (men’s overall sports award) trophies during Beauregard’s tenure. The Broncos garnered three regular season titles — gymnastics, softball and women’s tennis and two MAC Tournament titles — gymnastics and women’s tennis. Under Beauregard’s direction, WMU also won its 100th MAC title all-time in 2005-06.

The 2004-05 athletic campaign continued what has become common place at Western Michigan. Team and individual success began in the fall and continued through the spring, highlighted by a MAC Championship in women’s tennis. The strength of the women’s programs as a group allowed WMU to finish second in the Jacoby Cup.

Along with four MAC titles (men’s basketball, men’s and women’s soccer and men’s tennis) in 2003-04, the Broncos also enjoyed an increased level of success in the classroom. WMU’s graduation rate of 83 percent in 2003 ranked eighth nationally and featured a program grade point average of nearly 3.00.

On the playing field in 2002-03, the athletics campaign was highlighted by a pair of conference titles in women’s basketball and softball. The men’s basketball team also made a postseason appearance, competing in the National Invitation Tournament. Postseason appearances by the WMU football, volleyball and men’s tennis team highlighted the program’s 2000-01 athletic competition.

The 1999-2000 campaign was highlighted by the football team’s West Division title and trip to the MAC Championship. The women’s tennis squad captured the MAC Tourney title and advanced to the NCAA Tournament for the second-straight year and the women’s basketball squad made its second-consecutive appearance in the WNIT.

In just her second year (1998-99), Beauregard provided support which helped the Bronco men’s athletic squads jump from 10th to first place in the Reese Cup standings, giving Western Michigan a share of its first all-sports trophy in 17 years.

Previously the senior associate athletic director (1993-97), she supervised all revenue sports, the University’s compliance with NCAA rules, academic services, student-athlete welfare, and athletic marketing and communications.

Beauregard initially came to WMU in 1979 as head women’s gymnastics coach. In nine seasons (1980-88), she produced two MAC title teams and was twice named the conference’s coach of the year.

Beauregard has been active in numerous community service organizations, including Kalamazoo Rotary, the American Heart Association, Big Brothers/Big Sisters and the Glowing Embers Girl Scout Council.

Honored by numerous organizations throughout her career, Beauregard was awarded both the Woman of Achievement Award (YWCA) and Athena Award (Kalamazoo Chamber of Commerce) in 2002.

Beauregard is a native of Kalamazoo and graduate of Loy Norrix High School. She earned a bachelor’s degree from Hope College in 1979 and a master’s degree from WMU in 1981.

In 2000, Beauregard received the Hope College Distinguished Alumni Award from her alma mater. She and husband, Rick, have a 17-year-old son, Brad. Rick retired from Kalamazoo Public Schools after 32 years of service and began Beauregard Home Services in the fall of 2006.

WESTERN MICHIGAN MID-AMERICAN CONFERENCE REGULAR SEASON CHAMPIONSHIPS (106)

**Men’s Tennis (2)**
- Baseball (14)
- Men’s Outdoor Track & Field (16)
- Men’s Cross Country (14)
- Men’s Swimming & Diving (2)
- 1956, 1954
- Women’s Tennis (11)
- Women’s Volleyball (6)
Dr. John M. Dunn became the eighth president of Western Michigan University on July 1, 2007. His official inauguration took place on March 24, 2008.

He was appointed to the post by the WMU Board of Trustees in April, following a nationwide search. Prior to coming to WMU, Dunn served as interim chancellor at Southern Illinois University Carbondale. Before accepting that appointment, he held the position of provost and vice chancellor at SIUC.

An educator for more than 30 years, Dunn was dean of the University of Utah’s College of Health before moving to SIUC, holding that post from 1995 to 2002. Before that, he was at Oregon State University for 20 years, last serving as associate provost there from 1990 to 1995. His earlier positions at Oregon State included dean of Health and Human Performance, chair of the Department of Exercise and Sport Science and director of the university’s Special Physical and Motor Fitness Clinic.

Since moving to Michigan, President Dunn has been actively engaged with state and community efforts that focus on quality-of-life issues and enhancing economic development. By appointment of Gov. Jennifer Granholm, he represents the University and West Michigan as a member of the Michigan Strategic Economic Investment and Commercialization Board. He also is a member of the boards of the Bronson Healthcare Group, First National Bank, Southwest Michigan First and the WMU Foundation as well as the governing boards of both the Greater Kalamazoo Area United Way and the Gilmore Keyboard Festival.

Dunn, who was named Southern Illinois’ interim chancellor in November 2006, had previously served as provost and vice chancellor there since 2002. He says his interest in the WMU position was piqued by the similarities between WMU and SIU, a research university with more than 21,000 students, an extensive portfolio of grants and contracts, a number of major research centers and a historical background as a state teachers college.

Internationally known for his research and writing about the long-term health of individuals with disabilities, Dunn is the author of more than 50 professional papers and book chapters. He is a past president of the Research Consortium of the American Alliance for Health, Physical Education, Recreation and Dance; past editor of Quest, a professional publication for kinesiology scholars; and president-elect of the American Academy of Kinesiology and Physical Education.

Dunn, who began his teaching at the University of Connecticut in 1972, earned a bachelor’s and master’s degree from Northern Illinois University in 1967 and 1969, respectively. He earned his doctoral degree in physical education from Brigham Young University in 1972. He and his wife, Linda, are the parents of three adult children who live around the nation.

Matt Holmes is in his fourth season as the men’s basketball contact at Western Michigan and his second year as associate director of media relations. In addition to his media relations responsibilities with men’s basketball, Holmes teams with Robin Hook as the analyst on men’s basketball road broadcasts and is the backup play-by-play voice of the Brown & Gold. He also helps produce and report on weekly features for the Bronco Review television program and is the primary media relations contact for WMU volleyball, men’s tennis and women’s tennis.

Before arriving in Kalamazoo, Holmes spent one season (2004-05) as the media relations contact for the Western Illinois men’s basketball, volleyball and softball teams. He also served as a member of the College Sports Information Directors of America (CoSIDA) and the United States Basketball Writer’s Association (USBWA).

Prior to joining the ranks of sports information, Holmes worked two years for ESPN 950 (WXJW-AM) in Indianapolis. Holmes has also been a contestant on the ESPN sports trivia game show, “Stump the Schwab.”

A native of Sonora, Calif., Holmes graduated from Indiana University magna cum laude with a bachelor’s in communication and a minor in business administration. He is currently pursuing a master’s in sport management at Western Michigan.

Holmes married the former Amanda Stevenson on Aug. 8, 2008, and the couple resides in Kalamazoo.

PRACTICES
Players and coaches are available for interviews after practice. Practice during the first semester takes place in the morning, while second semester practices are scheduled in the afternoon after 3 p.m.

Media wishing to conduct interviews should call ahead to Matt Holmes at 269-387-3168 or 269-998-1638 for exact practice times and arrive 15-30 minutes before practice ends.

Media unable to attend practice, but still wishing to interview members of the WMU basketball team can set up an interview by contacting Holmes.

The office will arrange a time for players or coaches to call or meet the media representative. Unless special arrangements have been made, players are not accessible to media prior to contests on game day.

WMU head coach Steve Hawkins is available for interviews to be broadcast on opposing team’s radio pregame shows, but interviews should be scheduled and recorded prior to game day unless special arrangements have been made.

Note: Certain players may be made unavailable at coach’s discretion.

CREDENTIALS
Requests for single game and season media credentials should be directed to Matt Holmes at 269-387-3168 or 269-998-1638.

Seating along press row at University Arena is limited, priority will be given to media on deadline.

CREDENTIAL requests must be received no later than 24 hours in advance of the game.

If requests are made seven days prior to the game, credentials can be mailed. Otherwise they can be picked up at the media entrance on the south side of University Arena located off of the media parking lot (Lot 14).

PHONE LINES
Visiting commercial radio stations will receive a complimentary phone line or ISDN line. To order an additional line, contact Danvie Alexander at 269-387-3346.

Phone lines are limited along press row for reporters filing stories, but University Arena does feature free wireless internet. If a phone line is needed for filing, please let the media relations staff know and arrangements can be made.

GAME SERVICES
All members of the working media will be supplied with a game program, statistics and pregame notes, in addition to complimentary food service before the game. Final and halftime statistics will also be provided along with play-by-play.

POSTGAME INTERVIEWS
The head coaches of both teams and requested players will be made available following all Bronco home games in the media room, located on the second floor of University Arena.

The opposing head coach and players will go first, followed by WMU players and head coach Steve Hawkins.

Opposing players and coaches may choose to hold interviews outside their locker room instead of in the media room.

The Western Michigan locker room is closed to all members of the media.

Players and coaches will be made available for one-on-one TV interviews by request.

RADIO/TELEVISION PROGRAMS
Hawkins appears on “Bronco Review,” a weekly half-hour television show devoted to Bronco Athletics. “Bronco Review” is slotted for Thursdays, starting in January, at 7:30 p.m. on WLLA-TV. The show replays on Saturdays at 10 a.m.

Hawkins also joins Robin Hook and Matt Holmes on “Bronco Review,” every Thursday evening (6-7 p.m.) from Old Burdick’s Grill. The show airs live on Kalamazoo’s ESPN 1060 AM.

WEB SITE
The official WMU Athletic Web Site contains information on all 16 varsity sports. Each sport’s home page contains the latest news releases, statistics, roster, and schedule.

It is necessary to have Adobe Acrobat Reader installed on your computer to view the PDF formatted news releases.

At Bronco Basketball games can be heard live on the web by accessing the WMU home page at www.wmubroncos.com.

At Bronco home games can be seen live on the Internet by visiting www.wmubroncos.com and signing up for Bronco Insider. This service allows you to watch and listen to the games when you can’t make it to University Arena.

Bronco fans can follow Live Stats of all WMU home basketball games FREE. Simply go to www.wmubroncos.com, go to the basketball home page and click Live Stats. When the game begins a camera icon will appear for you to click and follow the game.

MAC NEWS MEDIA ASSOCIATION (MNMA)
A media organization supporting the MAC since the 1950s, the MAC News Media Association is a key component to the publicity efforts of local schools and the league office.

The MNMA meets three times yearly at Football Media Day, Basketball Media Day and the MAC Basketball Tournament. Members of the MNMA also vote on postseason awards in football and men’s and women’s basketball and participate in preseason polls.

To join the MNMA please contact Secretary-Treasurer Paul Vecchio at 716-645-6761 or pvecchio@buffalo.edu. Information can also be obtained at the official site at http://mnma.net/macmanma-form.pdf.
